Notes:
- You are responsible for completing any prerequisites that may be required for Related Area choices. Prerequisites for courses are listed in the ASU catalog descriptions.
- Many departments offer minors or certificates. Although minors or certificates are not required, students may elect to complete the requirements for a minor or for a certificate by combining choices in the Related Area and the General Electives.
- Remember to check 394,494 course numbers. These courses will not be listed in the catalog because they are new, but they do qualify for use as Related Area courses.
